The badges on a user's profile page can be organized in several ways:

- most recent first (chronologically)
- by type
- by importance to user (user orders them on their profile)

Username earned:

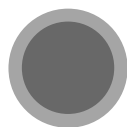

Full Badge Name

Descriptive info about the badge, how it was earned, who awarded it, etc How this specific person earned. this badge (if there was a specific project or program they completed to earn it)

This screen will appear if you click on a badge when la user earned

A similar screen would appear if the user clicks on any image of a badge except that screen would not have user specific information and would show the basic requirements to earn or give this badge
